

Welcome back Reception!

We hope you had a lovely Easter break and are ready for the new term! Throughout this term we will be working hard to provide guidance and resources to support you in every way possible. Here is an overview of some of the topics that we will be covering over the Summer Term.

You can help by:

- * Hearing your child read at least once a week, practise their word wall and sign the reading record.
- * Read a wide range of stories with your child to develop and support their love of reading.
- * Ensure all of your child's items are clearly labelled.
- * Work with your child to complete their homework.

Thank you for your continued support
The Reception Team.

EAD

Our art lessons are going to be messy and fun! As we explore the great outdoors, children will use their skills learnt over the year to create outdoor decorations to enhance our pond and garden area. Use collage and print to create artwork and junk modelling.

P.E

In P.E, children will be learning to travel with control in a variety of ways such as running, hopping, crawling and rolling. Children will then develop their safe use of apparatus. They will also be learning to speed up and slow down their actions whilst using low and high body movements.

Reception

The Great Outdoors

This term, children will take the classroom outside, they will have opportunities to work in different areas of the school and expand their knowledge of the Great Outdoors.

PSED

Children will show an understanding of their own feelings and those of others and how we can respond to those feelings.

Children will build friendships and resilience in team building and group activities.

Communication and Language

This term, we will focus on understanding more complex sentences to develop their understanding of what is said to them and instructions given.

Children will be encouraged to have social conversations which include use of past and present tense, adding detail of when and where things took

Understanding the World

Children will continue to explore the local area and use their map skills to deepen their understanding of the world around them.

Children will learn of different cultures and communities, looking for similarities and difference between themselves and others.
