Make your own rainbow

This is a great, simple activity to get your little one talking about colours.

- Have fun collecting different coloured objects around the house, e.g. clothes, fruit, toys.
- Can you spot other items that are the same colour?
- Encourage your little one to talk about the objects.
- Ask your child to help arrange the objects in the order of a rainbow (red, orange, yellow, green, blue, indigo, violet).
- And there you have it, a fun way to learn and build your little one's vocabulary.
